GLOBAL AWARDS FOR CYBER SECURITY

The Cyber OSPAs recognise and reward companies, people, products and initiatives across the cyber security sector globally. They have been designed to be ethical and independent, involving the leading cyber security associations around the world.

They are based on the physical security version of these awards, the Outstanding Security Performance Awards (OSPAs), which now cover 48 countries and are growing.

The Cyber OSPAs scheme is committed to creating a fair and transparent judging process, for recognising and rewarding excellence in the cyber security sector.

The Cyber OSPAs will be presented at an awards dinner to take place in Birmingham on the 29th April 2027.

Nominations are will be open from 29 September till 17 February and are free to submit.
